Experience

VenueHorn Jun 2026 – Present
Strategy & Operations Intern *New York, NY*

- **Led a team of 8 data interns**, taking full **ownership of the workstream**, setting objectives and coordinating deliverables in Jira to keep analysis aligned with revenue priorities.
- **Authored** a product requirements document (PRD) from scratch, translating ambiguous business needs into a **structured scope** aligned across product, data, and leadership stakeholders.
- Diagnosed gaps in the revenue model through **data-driven analysis** and **designed** a premium AI-driven monetization feature generating curated venue listings from natural-language descriptions, addressing a prioritized business problem.

Oracle Jan 2026 – Present
Product Strategy Consultant, Cornell Sponsored Project *Ithaca, NY*

- Authored a PR/FAQ and end-to-end PRD for a **client-facing** agentic AI customer-service product on OCI with **American Express** as reference client, translating stakeholder feedback into an exec-ready requirements document.
- **Defined** a three-feature product roadmap (RAG-grounded knowledge assistant, proactive points-expiry redemption workflow, agentic fulfillment engine), scoping data, APIs, and governance for each.
- **Presented** the architecture and governance model to stakeholders, aligning them on product direction and compliance.

Deloitte Consulting Aug 2023 – Mar 2025
Analyst, Customer Strategy and Design *Gurgaon, India*

- **Led a team of 5** to build a GenAI analytics microservice proof-of-concept (Vertex AI, Qdrant, Cloud SQL) that automated **35%** of manual analyst workflows and **helped secure a new banking client**.
- **Drove** three competitive RFPs, applying business strategy and coordinating delivery, pricing, and roadmaps across cross-functional finance, product, and engineering teams to **secure multi-vertical client wins**.
- **Designed and launched** a chatbot feature automating supplementary card requests, partnering across product, design, and engineering to streamline onboarding and lift feature adoption by **15%**.
- **Mentored** junior analysts in consulting methodologies and led internal GenAI training that brought **15+ new analysts** up to speed on Deloitte's AI tech stack, covering workflow automation and model governance.

Achievements & Interests

- Selected among **30 teams** from **6,500+** global applicants (**<1%**) for the MIT Global AI Hackathon Venture Lab; developed and refined an AI venture through investor-focused workshops to pitch to VCs including a16z, Antler & Creandum.
- Selected for Oracle's Digital Tech Immersion (DTI) capstone track alongside MBA candidates as an MEng student.
- Exploring new places and cultures through travel.
- Playing tennis and hiking regularly to stay clear-headed and healthy.

Extra-Curriculars

- **Future Hope, Kolkata:** Spent two weeks on-site with the NGO, raising funds and tutoring children in STEM basics.
- **Cornell Philanthropy Practicum (NBA 5035), Ongoing:** Working with a student cohort to source, evaluate, and allocate **$80K** in grant funding to nonprofit centers across the Tompkins County region.
- **Consulting Club, Inception Wave (Aug 2021 – Aug 2023):** Served as **Vice President** of a **75-member** society, hosting **4 seminars** with MBB professionals and INSEAD alumni on breaking into consulting.
